

Superintendent Evaluation Committee

Minutes 2/25/2019

Attending: Dale (as a guest), Shirley, Jim, Monica

1. Concerns/ weak areas according to board self-evaluation:

Call this: areas of continued growth

The following are expected to have a very positive effect:

- A. Consistency in administration at CES
- B. Focusing on PRIDE in the middle school with PBIS
- C. Reading interventions at CES
- D. Counselor at CMS

2. Student growth:

NWEA vs. MiSchool Data

- A. Monica and Chad can present MiSchool Data website to the rest of the board. It is almost too much data, but is still a useful tool.
- B. The committee wants data:
 - How many students in grades 2- 7 met their NWEA goals in Reading, Math, and Language Arts??
 - How did the 8th graders do on the PSAT?
 - This data will be presented after Spring testing season.

3. Jim- progress on Strategic Plan

- A. Jim is working with Melissa Morton to basically start over. They will reset the committees and establish Smart Goals
- B. There is also a need for continued growth in K- 12 curriculum alignment This all hinges on accountability.

** Next meeting will be March 18, 2019 at 5:15
