### **III. Superintendent Interview**

The Board interviewed the only internal candidate, High School Principal & Interim Superintendent, Mr. Kevin Beazley.

Questions asked were:

- Can you briefly tell us about your background and experience and why you're interested in this position?
- Please describe your approach in developing a leadership team.
- Tell us about your involvement in curriculum development and how you would provide instructional leadership for the District.
- How will you approach working with our bargaining units?
- Describe how you would work with the Board. How do you handle it when individual board members advocate for something different than you're doing?
- Discuss your involvement with improving facilities and bond construction projects.
- From the survey, our stakeholders told us they would like a superintendent who is highly visible, engaged, and part of the community. What does this mean to you?
- How do you define the well-rounded student? If selected, how would you help our students become well-rounded and ready for life after high school?

And three questions were asked from the gallery:

- If you were selected to be superintendent, you will be the supervisor over many colleagues. How will you make that transition from colleague to boss?
- Will you please describe how you think you have grown as an educator in the past eight to ten years.
- What do you see as your role as liaison with the local media? How will you share district news with local media?
