

Superintendent Eval. committee meeting minutes 4/15/2019

Present: Jim, Shirley, Monica, Steve

Time: 5:17- 5:47 PM

Discussed student growth especially targets in writing, reading, and math at CES.

They currently use three data points for evaluation.

A main issue is that grades K, 1, 2 don't do state tests or NWEA.

Next year, According to the state, 3rd graders will be retained if behind grade level on state tests.

MiSchool Data can be examined by the entire board at our next workshop. We can then bring any questions to Jim at our next Super. Eval. meeting

Also discussed Cognitive Coaching

All 5 Strategic Planning Groups will be meeting by the end of the year.

Next meeting: some time in May (to be determined)
