Keys to Your Child's Success

What is Title I?

Title I is the major component of the Elementary and Secondary Education Act (ESEA) and the largest federal assistance program for our nation's schools.

The goal of Title I is a higher quality of education of every child.

The program serves millions of children in elementary and secondary schools each year.

How Does Title I Work?

Title I funding flows from the U.S. Department of Education (as appropriated by Congress) to the Michigan Department of Education (MDE).

The MDE allocates funds to the District.

The District identifies eligible schools and allocates Title I funding to those schools based on the number of children from low-income families.

Title I Schools spend the funds allocated based on formalized School Improvement Plans approved by District and MDE.
